

**KEVIN O'REILLY—MLA FRAME LAKE**

**RETURN TO WRITTEN QUESTION 14-18(3):  
NON-RENEWABLE RESOURCE PRODUCTION AND ROYALTIES**

**FEBRUARY 5, 2019**

**CLERK OF THE HOUSE (Mr. Mercer):** Mr. Speaker, I have a return to written question asked by the Member for Frame Lake on October 31, 2018, to the Minister of Finance regarding non-renewable resource production and royalties.

Later today, at the appropriate time, I will table a document containing the following information:

1. Annual values of production for all those non-renewable resource commodities upon which royalties are levied in the Northwest Territories for the years 1999 through 2017;
2. Annual production volumes for all those non-renewable resource commodities upon which royalties are levied in the Northwest Territories for the years 1999 through 2017;
3. Value of mineral production and royalties paid since Devolution 2014-2017; and
4. An explanation for how quarry royalties are collected and values received since devolution.

Thank you, Mr. Speaker.
